Re: Resolution regarding Action Request AR 1617011: Taskstream Administrator FYI in KSCM

Date: April 30, 2017

On December 5, 2016, at the Faculty Senate General Faculty meeting, the Senate discussed Action Request 1617011 concerning the automatic notification of the Taskstream Administrator when a course or program is approved through the curriculum process.

The motion, which was approved, reads:

MOTION #8: Motion to add a new FYI in KSCM for the Taskstream Administrator, said FYI to occur after Chancellor approval of a proposal.

The Faculty Senate requests that this change be made as soon as possible.
